INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Harvester Christian Church, Inc.

Opinion

We have audited the accompanying financial statements of Harvester Christian Church, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harvester Christian Church, Inc. as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harvester Christian Church, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harvester Christian Church, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harvester Christian Church, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harvester Christian Church, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of activities-by campus on page 10, which is the responsibility of management, is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

HARVESTER CHRISTIAN CHURCH, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Harvester Christian Church, Inc. (The Church), a Missouri non-profit corporation, is organized as a church. The Church conducts regular worship services, supports missionaries abroad, and oversees various educational and benevolent programs.

Basis of Accounting

The financial statements of the Church have been prepared on the accrual basis in accordance with auditing standards generally accepted in the United States of America. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

New Accounting Pronouncement

On January 1, 2021, the Church adopted Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606), that replaces previously existing revenue recognition guidance. The new standard requires companies to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In addition, Topic 606 requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The adoption of ASU 2014-09 has no impact on the previously reported financial statements.

Basis of Presentation

The financial statements of the Church have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Church to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Church. These net assets may be used at the discretion of the Church's management and the board of directors.

Net assets with donor restrictions - Net assets that are subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Church or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated that the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Contribution Recognition

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Inventories

While the Church has books and clothing held for resale at certain times throughout the year, the value is immaterial to the financial statements. The Church has elected not to track the inventory.

Measure of Operations

The statement of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Church's program services and support services. Nonoperating activities are limited to resources that generate a return on investment and other activities considered to be of a more unusual or nonrecurring nature.

Property and Equipment

Property and equipment are recorded at cost or, in the case of donated property, at their estimated fair market value at the date of the donation. Depreciation of property and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis. Estimated useful lives of 5 to 40 years have been used, depending on the type of asset. Expenditures for repairs and maintenance are charged to operating expenses as incurred. Depreciation expense for the year ended December 31, 2021, was \$682,667.

Income Taxes

The Church is exempt from income taxes pursuant to section 501(c)(3) of the Internal Revenue Service Code. Therefore, no provision is made for taxes on income.

The Church adopted the provisions of Accounting for Uncertainty in Income Taxes on April 1, 2010. The adoption of that guidance resulted in no change to the financial statements for prior periods. As of December 31, 2021, no amounts have been recognized for uncertain tax positions. Any returns that the church would have prepared for tax years 2018 or prior are now closed.

Cash and Cash Equivalents

The Church considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Certificates of Deposit

Certificates of deposit held at financial institutions with an original maturity in excess of 90 days are reported at cost and are not considered cash equivalents.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Compensated Absences

Full-time employees of the Church are entitled to paid vacations and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and accordingly, no liability has been recorded in the accompanying statement of financial position. The Church's policy is to recognize the costs of compensated absences when paid.
